

Dine Like a Diplomat

Paradoxically, the world seems to be shrinking even as it is experiencing a rapidly expanding global economy. In such a competitive atmosphere good dining skills are a must, whether you are conducting business abroad or entertaining international clients here in the United States.

Your manners, especially your table manners, are important qualifications for executives in the United States. You will need the same qualifications to compete successfully in the international arena, yet manners and customs will be different in each country you visit. *Dine Like a Diplomat* will teach you dining skills vital to every social occasion where business may be promoted or conducted. A tutorial dinner may be served.
